

TYPE 1 DIABETES SYMPOSIUM

Diabetes is a disease that affects the whole family, especially when a child is diagnosed. Whether you're a parent, sibling or other family member, your support and understanding can make all the difference. Join us for an afternoon presented by T1DMOD Squad as we learn from experts in research and treatment at one of the leading diabetes research institutes - City of Hope.

SATURDAY, MARCH 10

CITY OF HOPE

COOPER AUDITORIUM

1500 E. DUARTE ROAD, DUARTE, CA 91010

1 p.m.

Stephen W. Ponder, M.D., CDE, is a board-certified pediatric endocrinologist with Scott and White Healthcare in Temple, Texas. He is the creator of Sugar Surfing™ and co-author of the book of the same name. Sugar Surfing describes the discipline of diabetes self-management 'in the moment' using frequent pattern management enabled by either continuous glucose monitoring or frequent BG checks using a standard hand held blood sugar monitoring device.

Bart O. Roep, Ph.D., is an internationally recognized authority and key opinion leader on multiple aspects of type 1 diabetes, with particular interest in understanding the cause of the disease and translating this knowledge into immune intervention strategies (including gene therapy, stem cell therapy and bone marrow transportation) with the ultimate goal to cure type 1 diabetes.

KC Owens, a type 1 diabetes herself and owner of Tattle Tails Scent Dogs will speak on how she breeds and trains diabetic alert dogs for the diabetes community.

Schedule:

11 a.m. - City of Hope Campus Tour (VIPs Only)
1:00 p.m. - Welcome
